The Lingo Learners

A humorous series which shows that you can speak a foreign language with ease simply by speaking plain English.

Emperor Charles V (1500-1558) reputedly said: 'I speak Spanish to God, Italian to women, French to men, and German to my horse.' Clearly he was never without his Xenophobe's Lingo Learners.

You will never need to fear another umlaut. Cedillas are things of the past and accents will never cause you acute or grave pain again. And diphthongs will belong on the beach. Speak the lingo by speaking English.
